Attn.: DRAWING REVIEW BRANCH

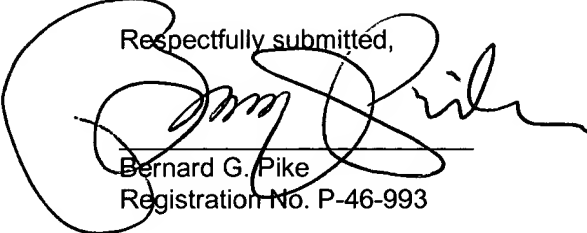

Sir:

Responsive to the Office Action dated February 17, 2000 ("Office Action") and in order to place the above-captioned application in condition for allowance, Applicant respectfully requests replacement of original Figures 6-8 and 12-14 with the enclosed amended Figures 6-8 and 12-14. Applicant submits that as amended the replacement figures do not add new matter.

In paragraph 5 of the Office Action, The Examiner indicates the Draftperson's review has indicated deficiencies in the drawings, Figures 6-8 are objected to because the x-axis labels are unclear and/or not properly spaced, and Figures 12-14 were objected to as having text of small font size and poor copy quality. Responsive to these objections, Applicants submits replacement drawing sheets

for Figures 6-8, 12-14 in the subject application which comply with the drawing requirements of Patent Office rules and procedures.

Respectfully submitted,

Bernard G. Pike
